

The CaPTA Group

The Woodward Family
CaPTA
group

Case Study – December 2019

The CaPTA Group is a locally owned and operated tourism business in Cairns, Queensland. The CaPTA Group has expanded into tourism and indigenous training through the Careers Training Centre, and more recently into coach chartering, sales and service through ABC Sales & Maintenance.

We spoke with **Brad Dowley - IT Manager** to understand more about how The CaPTA Group uses VentralP Australia's services.

What made you choose VentralP Australia?

I heard about VentralP Australia through word of mouth, and after trialling them with one of my sites, I was so impressed I moved every site I manage over to the Multi-Plus web hosting platform.

Why are you still with us?

VentralP Australia have been rock solid in hosting, amazing in the times I have needed support, and everything just works. No hassles, no issues.

Can you tell us about the services you use with VentralP Australia?

I use VentralP Australia for Domain Name Registration, Domain Hosting, and Web Hosting.

Why is it important to you to have reliable and fast web hosting?

Having a good online presence is vital to running a business. VentralP Australia has been nothing short of excellent in every aspect of providing me with what I need.

Having a single, simple and easy to navigate console makes managing my sites a breeze.

- Brad Dowley, IT Manager

Have you ever needed to use our 24/7 Australian support? How important is it to you to have this level of support?

Yes, I have used their support and they never cease to impress me, and always go above and beyond when providing me with answers to any of my queries or concerns.

What would you say to anyone considering moving their services over to VentralP Australia?

What are you waiting for? Just do it!

VentralP Australia is the largest privately owned web host and domain name registrar in Australia, backed by a team of industry veterans and local technical professionals who ensure our customers always get the best customer service and technical support 24 hours a day, 7 days a week.
