WordPress Hosting Plan

Australia's most exciting WordPress hosting is here. Utilising cPanel's new WordPress toolkit, our shared hosting plan provides the ultimate experience and control for your WordPress website. Our hosting is powered by VentralP's Sydney-based HP Enterprise servers' superior performance, with the ability to increase or decrease server resources at any time. VentralP Australia's WordPress plan delivers the ultimate speed and security optimised for WordPress with our 100% Australian support.
